WELCOME HOME VIETNAM WAR VETERANS

Join us at the Museum or online on National Vietnam War Veterans Day for a moving ceremony to welcome home Veterans, many of whom never received that honor after serving our country during the Vietnam War.

Our keynote speaker is Chief Master Sergeant Ray Snedegar, U.S. Air Force (Retired) who served for 32 years in the Air Force from 1958-1990. In 1975, Snedegar was assigned to help with the mission, Operation Babylift in Vietnam. He will share how he helped save the lives of 145 babies and 12 adults after his plane was attacked. In total, Operation Babylift evacuated more than 3,000 orphans from Saigon.
