About the National Veterans Memorial and Museum

The National Veterans Memorial and Museum takes visitors on a narrative journey telling individual stories and shared experiences of Veterans from all military branches throughout history while honoring the sacrifices of servicemen and women and their families. Inside the museum and online, history is presented in a dynamic, participatory experience with photos, letters and personal effects, multi-media presentations, interactive exhibitions and virtual events and tours. Together, these elements link our national story to the larger context of the world.
