About the National Veterans Memorial and Museum

The National Veterans Memorial and Museum takes visitors on a narrative journey telling individual stories and shared experiences of Veterans from all military branches throughout history. The Memorial and Museum pays tribute to the sacrifices of men and women in service and their families. History is presented in a dynamic, participatory experience with photos, letters and personal effects, multi-media presentations, and interactive exhibits. Together, these elements link our national story to the larger context of the world.
